## Meeting objectives, expected outputs and outcomes

The aim of the RECP Stakeholders Group meeting is to present the current results of the Resource Efficient and Cleaner Production (RECP) activities taking place under the EU-funded EU4Environment Action in Armenia, and to discuss their application in selected industries: food/agriculture (including fish farming), construction materials, and the production of chemicals (including plastic). On this occasion, the event aims to share the industries' experiences and discuss the recommendations on the possibility to further support RECP and Circular Economy promotion in Armenia among manufacturing enterprises, in their supply chains, and in other related businesses with support of the related stakeholder organizations-members of the RECP Stakeholders Group.

The meeting focuses on:

- promoting resource efficiency and cleaner production benefits in the Armenian society and business sector
- raising awareness about the “Circular Economy and New Growth Opportunities” Component of the “EU4Environment” Action in Armenia
- discussing the achievements and plans of implementing RECP activities in Armenia in 2017-2022 and beyond, and
- exploring new opportunities related to RECP as a stepping stone for introducing Circular Economy in Armenia

## Participants

The meeting will gather around 20 participants-members of the RECP Stakeholders Group from the government, business sector, civil society, and other key institutional stakeholders. It will be attended by the Ministries of Environment and Economy (the national focal points of the Action), the EU Delegation in Armenia, the national and international partners of the EU4Environment Action, including UNIDO, and representatives of other profile organizations and programmes in the country. The participation is by invitation only.

## Practical Information

The meeting will take place on 28 June 2022, at Ani Grand Hotel, located at 65 Hanrapetutyán Street, Yerevan 0010. Simultaneous interpretation in Armenian and English will be provided during the meeting.

## Organizer

The National Implementing Partner of UNIDO – the Regional Environmental Center for Caucasus, Armenia Office.

## Background

The activities related to RECP are part of the Results 2 Component on “Circular Economy and New Growth Opportunities” of the EU-funded EU4Environment Action. These activities aim to:

- ✓ Deliver RECP capacity building and demonstration programs to professionals and entrepreneurs, as well as technical assistance to industries in the adoption of RECP measures, promoting thus a transition to Circular Economy.
- ✓ Promote RECP implementation and scaling up among Small and Medium-sized Enterprises (SMEs) by extending the national capacity through demonstration audits in selected manufacturing enterprises.
- ✓ Promote RECP and Circular Economy principles and practices based on best international and national experiences.

The Action seeks to improve knowledge, awareness and communication with beneficiaries, and will serve to transfer benefits of RECP through: 1) resource productivity and environmental performance of small and medium companies, 2) an improved quality of products and services, 3) creation of additional economic and environmental benefits, strengthened health and safety conditions for businesses.

## About EU4Environment

The “European Union for Environment” (EU4Environment) aims to help the six partner countries: Armenia, Azerbaijan, Belarus, Georgia, the Republic of Moldova, Ukraine preserve their natural capital and increase people's environmental well-being, by supporting environment-related action, demonstrating and unlocking opportunities for greener growth, and setting mechanisms to better manage environmental risks and impacts.

The Action is funded by the European Union and implemented by five Partner organisations: OECD, UNECE, UNEP, UNIDO and the World Bank based on a budget of some EUR 20 million. The Action implementation period is 2019-2022.
